First name: Maxeem

Last name: Konrardy

Organization: NASCO (North American Students for Cooperation), WWOOF (Working Worldwide On Organic Farms)

Title:

Comments: Thank you for protecting wilderness, nature, wildlife, conservation and indigenous interests. I would defer to the native people, all the neighboring tribes, who for thousands of years have kept a pulse on what is sustainable, when designing scientific and social assessments.

Thank you for leaving the area more pristine and not inviting the long-term negative effects of mining.
