Comments: I approve of this project, but like many many others who go to Sunlight, I want the Sunlight ski area, resort managers, and/or owners to make sure that there are foot rests and overhead bars to protect the many, many children and teenagers that are Sunlight ski area customers. As well, there are people with injuries like me who, if my feet are dangling without a foot rest, can be in a lot of pain. Many people don't speak up, but have the same sentiments. Do it for the safety of your customers to make sure there's foot rest and overhead bars on this new/old chair lift replacement. Thank you for your consideration!
