Comments: As a concerned citizen, I strongly support the Pactola Reservoir-Rapid Creek Watershed Withdrawal to protect this critical water source. The environmental assessment reflects the importance of preserving the integrity of this watershed, which sustains local communities and ecosystems. Ensuring the long-term health of this area is vital, and I urge the USDA Forest Service to move forward with this withdrawal to prevent any potential environmental degradation. Protecting our natural resources must be a priority, and this action is a step in the right direction.
