Title:

Comments: I am a lifelong resident of South Dakota. I grew up fishing in Pactola Lake and still do. It is my favorite lake for kayaking and I now live in Rapid City. This watershed is so very vital to the ecosystem in this area and it needs to be protected from pollution and disturbance by man. This area is also the water source for my home in Rapid City. I fear pollution in the utmost degree. I also fear for the wildlife of this pristine area should a mishap occur. Please do not let this happen by protecting this watershed from any possible contamination now and in the future. I support the 20 year ban and beyond. I would like to see it for 100 years so my grandchildren may enjoy it has I do and have. Thank you!

Kevin Ryan
