Title:

Comments: I am a twenty year resident of the Black Hills. I enjoy hiking, biking, ice fishing, kayaking, SUP boarding & snowshoeing. I feel blessed to call this area my home. It breaks my heart to know we would even consider the possibility of mining near Pactola. We really need to stop putting money above our health, protecting the environment, and our children's futures. I am 100% in support of the mineral withdrawal around Pactola and the Jenny Gulch area. I am also hoping we can make this permanent through legislation.
