Title:
Comments: I was born and raised in Rapid City SD, and I have 4 children that were born and raised here, a few still being raised. I want to continue to enjoy this area, and it's important that my children and future generations are able to see and enjoy the beauty of Pactola and the surrounding area. Leave this area alone for generations to come, it's such an important piece of life in this area and deserves to be seen and enjoyed.
