Title:

Comments: I am writing in regards to my family's home in Calf Canyon. My parents bought their property in the 70's after my dad's parents had lived in Calf Canyon for may years before that. My dad's brother has a home there as well...with the property lines of all 3 locations being connected. It truly is "Home" to my family. I am requesting that all the needed resources to improve and protect the watershed on Forest Service land (also a crucial item for the town of Las Vegas) be directed to this area in order to prevent drainage onto the properties of private land. The damage to many homes/land has already been devastating. Any further destruction will prevent my family, and my children's family, from gaining access to and enjoying our home.

I am also asking for Forest Road 263 to be rebuilt. It's condition in many areas is dangerous and difficult for vehicles to easily pass and is equally preventing safe access to our private properties.

I am pleading with you on these matters. This land has been in 4 generations and has been our family vacation home for 25 years and will be handed down to my grandchildren. Please protect our land!

Feel free to reach out to me via email at jenniferlivs22@gmail.com.

Respectfully,

Jennifer Livingston
