Comments: Whom ever this may concern, do hereby support the withdrawal of the pactola reservoir.

Supporting the withdrawal of this site, because we cannot live in a place that has damages and Contaminated water. Contamination will effect an entire nation and surrounding habitats including animals ,regardless where you come from water is life.

Health problems will be a problem to everyone not just one or two persons but an entire nation of People. Drinking water is important to everyone and pactola shouldn't be a problem and should be left alone. I hope to see a withdrawal for pactola reservoir thank you.
