Comments: Hello, I am a member of the Lakota Sioux Tribe and I am an active duty service member, my family resides in the Black Hills territory or on the Pine Ridge Reservation. Unfortunately, due to the impact of the water contamination crisis, my family and I have not had access to clean drinking water. In the recent years we started relying on buying cases of water each time we go to town and this gets expensive considering the prices of everything currently is so high. We're are not asking for much, we just want clean and safe drinking water and our land to be preserved. With taking care of our land, we can rely on her to feed, house, and provide for us. Thank you for taking the time and I hope you understand how important this is to our people.
