First name: Shodo

Last name: Spring

Organization:

Title:

Comments: I support mineral withdrawal for the area in question.

At some point, the destruction has to stop. Let it stop now.

Humans, animals, and plants live on this land and drink this water. The Oceti Sakowin have the right to protect this land

Deaths from mining are not fast but slow, diseases, accidents, hunger, contaminated food and water. Protect the land and the people. Withdraw this land permanently from mining of any kind.
