First name: Jeremiah

Last name: Sanders

Organization: Sanders Ranch Partnership

Title:

Comments: I along with Sanders Ranch Partnership, are against the mining efforts of the Pactola area. We run cattle in this area below the mining, as any shed of mining debris will directly impact our cattle. As a lifelong resident it's of my opinion as well that this area is among the best kept in the hills. We need to keep it so. The mining of this area should never be allowed, no matter the financial benefits. The community around the hills is united in our efforts to stop this.
