

Data Submitted (UTC 11): 10/17/2024 10:50:01 PM

First name: Karen

Last name: Workman

Organization:

Title:

Comments: This is a request to please approve the mineral withdrawal. We hunt, fish, boat, kayak, paddle board, swim, perform ceremony, and camp around these beautiful waters. The Black Hills are truly sacred to South Dakotans. Destroying habitat and land around this community hub and resource would also destroy this community.

We are so tired of the development happening in our area with the only end result is making someone rich who most likely isn't local. Please respect our community, protect our history and customs, and, above all, show respect for our indigenous tribes.
