Comments: I support the expedited withdrawal and, furthermore, would advocate for a 10 fold increase in the number of acres to be withdrawn from mining. I know mining can have a significant impact on the environment and the quality of life for the persons and wildlife submitted to the acts of and the aftermath of mining. I find it an egregious insult to the population of South Dakota and, specifically, to the land owners, tribes and people residing in the Black Hills to continue to allow the intrusion of mining companies for the sole purpose of extracting minerals by damaging land and aquifers for profit.
