First name: Gillian

Last name: Spangler

Organization:

Title:

Comments: I support the Pactola Mineral Withdrawl. I love the land that raised me and it's our job as stewards to resist greed and protect what cannot speak for itself in our language. I support protecting this land in honoring of treaty rights of the indigenous tribes who have cared for the land, wisely, with sustainability in mind, for time imemorium. Please follow your internal moral compass.
