Comments: I strongly support the Pactola Reservoir-Rapid Creek Watershed Withdrawal. This is a unique and breathtaking place to be with nature, enjoy the majestic scenery and swim for health and recreation. Additionally this is a thriving ecosystem that provides so many immeasurable benefits on a local, state and national level. clean air and water are priceless! Protecting these 20k+ acres for our kids and grandkids is a priority.

I also support expediting the Withdrawal proposal to the Secretary of the Interior.

Thank you for your time and attention. There is much more I could say about this special place and the story of how I came to know it--but I just learned about this opportunity to comment and am rushing to pack for travel tomorrow morning. Suffice it so say that myself and my family are all in for protecting Jenny Gulch and its environs.
