Comments: I submit this comment in blunt, explicit support of the withdrawal of mining companies from the Rapid Creek Watershed. With this comment, I also ask the Forest Service to expedite the withdrawal proposal to the Secretary of the Department of Interior, Deb Haaland. In no uncertain terms, I support the withdrawal of mining companies from the watershed because there is no reason in a climate change/global warming induced present day U.S. to place 20,000 acres of precious land and water at the mercy of these mining companies.
