Title:

Comments: I support the withdrawal backed by the Black Hills Clean Water Alliance and others to preserve more than 20,000 acres at the headlands of the Rapid Creek Watershed. Mining companies should withdraw from this pristine and sensitive area.

This is an area too important, too majestic, too vital to continue damaging. We need these areas for our well being, and for future generations well being.

Please expedite the Withdrawal proposal to the Secretary of the Department of Interior.
