Comments: I strongly support requiring mining companies to withdraw from the pristine and sensitive area at the headlands of the Rapid Creek Watershed.

Damage done to natural sites due to mining cannot easily be undone. We owe it to future generations - and to the native tribes who have been the caretakers of these lands - to preserve clean water, clean air, and healthy ecosystems.

I support the native communities working to preserve the Black Hills, and I ask the Forest Service to expedite the Withdrawal proposal to the Secretary of the Department of Interior.
