Comments: I support this Withdrawal.

We must protect this beautiful part of the sacred He Sapa (Black Hills) from toxic mining. It is so important that we preserve more than 20,000 acres at the headlands of the Rapid Creek Watershed. We must require mining companies to withdraw from this pristine and sensitive area.

As someone born in Tacoma, Washington clean water, preservation of pristine/sacred lands, and the value of recreation in the wild is of primary importance to me.

Please expedite the Withdrawal proposal to the Secretary of the Department of Interior.
