Comments: Yes. I support the Pactola Reservoir-Rapid Creek Watershed Withdrawal. A FULL withdrawal from the entire watershed is also requested. Please expedite this process, and get it on Secretary Haaland's desk as soon as possible for signature. Please ensure that this area is kept clean and healthy, not only for the people dependent on it today but for future generations. Preserving healthy natural & cultural spaces is increasingly important. Ensuring that water supplies for tens of thousands are clean and stay clean is vital to life. Not just the lives of people, but the lives of wildlife too. We have so much yet to learn. Natural and culturally preserved places can help us all. I look forward to visiting the area and hope to find it as beautiful and clean as it is today, or even better. Thank you for your time.
