Comments: Dear Secretary Haaland,

I support the Pactola Reservoir-Rapid Creek Watershed withdrawal for three reasons. First it is the responsibility of the government to protect our precious clean water resources. This sensitive area would be damaged by mining activities. Second this land is a culturally significant to the first peoples of our nation. Thirdly it is high time the government of the United States show respect and honor indigenous people. We should do everything possible to make amends for the taking of the land, the culture and the horrific genocide they have endured.

With respect.
