Comments: Have you nefarious profiteers done enough to destroy what Creator has provided for us all ?? .. for FREE !! , Yet your greed & insane insistence to dig up , poison with chemtrails, RAPE lands , abuse , and mutilate our planet continue , SHAME on you . I can no longer be kind when we see theft , deliberate murder, genocide of all life in our faces via HARP , DEW . LIFE stays in balance and recreates , regenerates , itself when you only take what little you need and little more . Most do know the goal is to exterminate / depopulate (Event 201, Agenda 21 2030, Noah hide law , Clade X, Jade Helm, etc) , by 3/4 , take down trees for no more oxygen or carbon which is needed for life to thrive , block the sun, weather control man-made disasters to laser fires / bust dams or make, hail , tornadoes /hurricanes , for floods so you can steal do land grabs for your and to cull humans who are left into "15 in cities" + fema death camps , for your monitoring and control over us all. Its all been planed LONG AGO , we know , you now need to stop your monstrous acts .
JUST STOP IT !~ STOP STOP !
