Comments: I have read the information included with this Pactola Reservoir-Rapid Creek Watershed Withdrawal.

I support any decisions that would protect this watershed area from the impacts of mining or logging and the influx of trucks and cars and people and camps with the added problems of trash and roads, the impact of sludge and run off from roads and of emissions from cars and trucks.

I hope that the USDA Forest Service will have the power to deal with all possible disruptions. Thanking the USDA for giving me this chance to express my concern. Eleuthera Paulina du Pont Passigli, 143 Cook Hill Rd, Alstead, NH 03602
