Comments: I fully support this withdrawal, and humbly request that you expedite the withdrawal proposal to the Secretary of the Department of Interior.

My concern is the impact that mining in the Black Hills has on clean water for vulnerable communities, as well as wildlife in the area. Not only this, but I believe in the preservation of nature, and the preservation of the sacred ancestral land of the Lakota people.

As an outdoorsman, and as an American I'm asking that you withdraw from mining in the Black Hills.

Thank you.
