Comments: Thank you for taking public comments on this important issue. I support this withdrawal. In honor of this important watershed and the Black Hills, considered sacred land to the Lakota, now is the time to withdraw. Too long economic interests have overshadowed other equally important human needs: clean water, conservation, open spaces for recreation, and honoring sacred land. I respectfully ask that the Forest Service expedite the Withdrawal proposal to the Secretary of the Department of Interior. Thank you for your time.
