First name: Julie

Last name: Walker

Organization:

Title:

Comments: Please withdraw and preserve the sacred land of the Black Hills. Water sustains all of life. It is important that we protect our waters now and for our future generations right to clean water. Protect Mother Gia from man destroying what is sacred to our sustainability of life, not only for humans but for all of life. Protect the lands for all animals that call this land their home. we can not continue destroying this sacred earth without suffering the consequences of our actions. It is very obvious to the naked eye the destruction we have already impacted upon the planet

Water IS Life. Protect what is sacred for all concerned .

Thank You

Julie Walker
