Comments: Dear USDA Forest Service,

I support the Pactola Reservoir-Rapid Creek Watershed Withdrawal. Our natural lands are a treasure that must be protected. Clean water is a right, not a privilege and our future generations deserve a planet where they can enjoy the beauty of nature, swim in its lakes, and drink its water without getting sick. The Black Hills are a sacred space, not just for Native tribes, but for all of us to enjoy the beauty of nature and the Lords creations.

I not only support this withdrawal, but I urge you to expedite the Withdrawal proposal to keep toxic mining off of our.

Thanks you,
Heather
