Comments: Dear Friends at the USFS,

I am writing to express my fervent support for the Pactola Reservoir-Rapid Creek Watershed Withdrawal. With the rapidly escalating impacts of climate change, it is even more imperative than ever that we protect the integrity of our natural water resources. In addition this is an opportunity for the US government to reverse centuries of denigration of Native American sacred sites. I urge you in no uncertain terms to support this withdrawal. Future generations will thank you for it.
