Comments: I Support this Withdrawal
We are keepers of Mother Earth!
Enough damage has been done to Mother Earth! The Blacks Hills should be sacred to every human being but especially to the Native Americans. Mother Earth is not a trash can. Humans have the responsibility to take and protect her. We only have one Mother Earth! This process is poisoning
are water supply! NOTHING can live without water! Mni Wakan (Water is Sacred) Please help us to protect HER!
I request the Forest Service to Please expedite the Withdrawal proposal from toxic mining!
