Comments: I support Alternative C, the Wilderness Exclusion Alternative.

In order to comply with the Wilderness Act, the Forest Service should exclude all designated and recommended Wildernesses from its proposed cutting and burning plans for the Sequoia and Sierra National Forests.

The Moses Mountain Recommended Wilderness should be added to Alternative C.

The agency should instead allow natural, lightning-caused fire to play its ecological role in designated and recommended Wilderness on the Sequoia and Sierra National Forests.

thank you for your consideration of these comments.
