

Data Submitted (UTC 11): 10/24/2024 3:46:43 PM

First name: Rosemary

Last name: Graham-Gardner

Organization:

Title:

Comments: Forests are the breath of this Planet that have been depleted by the human animals at an alarming rate.

Forests are the breath of this Planet and we should do everything in our power to preserve and replant the areas who need it.

Shame, shame, shame on you who do not care about the breath of this Planet, for us and the future generations!
