Comments: I am a mere citizen, but my concern for the existence and health of public lands has been a core of my thinking for decades. As a child in the 1950's and 1960's, I visited such areas regularly. I treasure those memories and have added to them all of my adult life.

I especially value wilderness. I support Alternative C, the Wilderness Exclusion Alternative, and the addition of the Moses Mountain Recommended Wilderness to Alternative C. Hope is knowing that there are places where humans have the least impact.
