Comments: Hi,

I'm writing to share my stance on the proposed plans for the Sequoia and Sierra National Forests. I support Alternative C, the Wilderness Exclusion Alternative. The Forest Service should exclude all designated and recommended Wildernesses from its proposed cutting and burning plans for the Sequoia and Sierra National Forests in order to comply with the Wilderness Act. The Forest Service should also add the Moses Mountain Recommended Wilderness to Alternative C. The agency should instead allow natural, lightning-caused fire to play its ecological role in designated and recommended Wilderness on the Sequoia and Sierra National Forests. I urge the Forest Service to carefully consider these points in their decision-making process.

Thank you for your time and attention to these important matters.
