Title:

Comments: I write as a regularly voting and engaged US citizen who is a trained environmental scientist and lover of National Forests.

I support Alternative C, the Wilderness Exclusion Alternative.

Please exclude all designated and recommended Wildernesses from any cutting and burning plans for the Sequoia and Sierra National Forests so that you comply with the Wilderness Act.

Instead, allow natural, lightning-caused fire to play its ecological role in designated and recommended Wilderness on the Sequoia and Sierra National Forests.

Thank you.
