Comments: Dear members of the National Forest Service,

I am deeply concerned about plans to cut and burn in national forests in a manner inconsistent with best practice. I support instead apply Alternative C, the Wilderness Exclusion Alternative. The Forest Service should exclude all designated and recommended Wildernesses from its proposed cutting and burning plans for the Sequoia and Sierra National Forests in order to comply with the Wilderness Act.

The Forest Service should also add the Moses Mountain Recommended Wilderness to Alternative C.

The agency should instead allow natural, lightning-caused fire to play its ecological role in designated and recommended Wilderness on the Sequoia and Sierra National Forests.

Thank you for prioritizing Alternative C over other plans.
