Comments: PRESCRIBED BURNING SHOULD NOT BE DONE WITHIN DESIGNATED WILDERNESS!

Intentional man-made burns would fly directly in the face of the intention of The Wilderness Act.

I support Alternative C, the Wilderness Exclusion Alternative.

The Forest Service should exclude all designated and recommended Wildernesses from its proposed cutting and burning plans for the Sequoia and Sierra National Forests in order to comply with the Wilderness Act!!

The agency should instead allow natural, lightning-caused fire to play its ecological role in designated and recommended Wilderness on the Sequoia and Sierra National Forests.

The Forest Service should also add the Moses Mountain Recommended Wilderness to Alternative C.
