Comments: I am writing to lend my full support to Alternative C, the Wilderness Exclusion Alternative. The Forest Service must exclude all designated and recommended Wildernesses from its proposed cutting and burning plans for the Sequoia and Sierra National Forests in order to comply with the Wilderness Act. Burning in Wilderness is not an option, either legally or morally.

Instead of a prescribed burn, the Forest Service should allow natural, lightning-caused fire to manage ecological role in designated and recommended Wilderness on the Sequoia and Sierra National Forests.

I would also like to see the Forest Service add the Moses Mountain Recommended Wilderness to Alternative C.
