Comments: To the National Forrest Service,

To whom it may concern,

I support Alternative C, the Wilderness Exclusion Alternative.

The Forest Service should exclude all designated and recommended Wildernesses from its proposed cutting and burning plans for the Sequoia and Sierra National Forests in order to comply with the Wilderness Act. You are bound to comply with the Wilderness Act and care for the land.

I am urging the Forest Service to add the Moses Mountain Recommended Wilderness to Alternative C.

Please allow natural, lightning-caused fire to play its ecological role in designated and recommended Wilderness on the Sequoia and Sierra National Forests.

Thank you, Leonie Terfort
