Comments: I support Alternative C, the Wilderness Exclusion Alternative. The Forest Service should exclude all designated & recommended Wildernesses from its proposed cutting & burning plans for the Sequoia & Sierra National Forests to comply with the Wilderness Act.

The Forest Service should also add the Moses Mountain Recommended Wilderness to Alternative C.

The agency should instead allow natural, lightning-caused fire to play its ecological role in designated & recommended Wilderness on the Sequoia & Sierra National Forests.

We need to keep Wilderness on the Sequoia and Sierra National Forests wild!
