Last name: Patterson

Organization:

Title:

Comments: Alternative C, the Wilderness Exclusion Alternative, is the best choice. To comply with the Wilderness Act, the Forest Service must exclude all designated and recommended Wildernesses from its cutting and burning plans for the Sequoia and Sierra National Forests.

The Forest Service should also add the Moses Mountain Recommended Wilderness to Alternative C.

They should instead allow natural, lightning-caused fire to play its ecological role in designated and recommended Wilderness on the Sequoia and Sierra National Forests.
