Comments: Designated Wilderness areas in the Sequoia and Sierra National Forests in California must be left as wilderness without any cutting, burning or other destructive actions. The currently proposed actions will seriously damage some of America's most loved Wilderness areas, including the Ansel Adams, Dinkey Lakes, John Muir, Kaiser, Kiavah, Monarch, South Sierra, Dome Land, Jennie Lakes, and Golden Trout Wildernesses. The proposed human manipulation actions in these areas are absolutely indefensible and must not be carried out. These are inconsistent with the letter and spirit of the 1964 Wilderness Act so are illegal as well as ill-advised. Please change to "Alternative C," which would exclude all designated Wilderness from the burning project plus the recommended Monarch Wilderness-South addition-a total of 871,472 acres. This would be legal and much more sensible.
