Title:

Comments: I am writing to share my support, along side the Black Hills Clean Water Alliance to preserve 20,000+ acres at the headlands of the Rapid Creek Watershed. I support the actions to require mining companies to withdraw this area. To be clear, I support the Withdrawal!

Pristine and critical habitat continues to be lost to the tragic appetite of capitalism, if there is a chance to slow that down, and even stop this destruction, I want to see the USDA Forest Service exert any power they have to ensure the Black Hills are protected from toxic mining and development. I am reiterating my desire that the USDAFS expedite the Withdrawal proposal to the Secretary of the Department of Interior. Thank you --Megan
