Comments: Please do not cut and burn all of the forest currently proposed. As a citizen who cares about our public lands, it is imperative to proceed with Alternative C, the Wilderness Exclusion Alternative. The Forest Service should exclude all designated and recommended Wildernesses from its proposed cutting and burning plans for the Sequoia and Sierra National Forests in order to comply with the Wilderness Act.

The Forest Service should also add the Moses Mountain Recommended Wilderness to Alternative C.

Rather than cutting and burning our precious public forests and subjecting wildlife to horrible deaths, allow nature's lightning-caused fire to play its ecological role in designated and recommended Wilderness on the Sequoia and Sierra National Forests.

Sincerely,

Nancy Behrens
