First name: JEAN&#39;NE

Last name: BLACKWELLL

Organization: SLO CLEAN WATER

Title: DIRECTOR

Comments: This land is sacred, ancient, irreplaceable and is harboring and embracing the circle of life. We do not need to interfere, dominate, infringe on nature's masterpiece. We can not do it justice or improve on its essence. It has intrinsic, innate and all the plants, animals, trees, water, eco system is in perfect harmony and balance. It is a crime against humanity and all the natural wonders and living forces that define who we are and what we need to thrive and prosper. Leave it be.
