Comments: To Whom It May Concern,

I am in favor of Alternative C, the Wilderness Exclusion Alternative. The Forest Service should exclude all designated and recommended Wilderness areas from its proposed cutting and burning plans for the Sequoia and Sierra National Forests to adhere to the Wilderness Act.

Additionally, I urge the Forest Service to include the Moses Mountain Recommended Wilderness in Alternative C. The agency should also permit natural, lightning-caused fires to fulfill their ecological function in both the designated and recommended Wilderness areas within the Sequoia and Sierra National Forests.

Thank you.
