Comments: I support Alternative C, the Wilderness Exclusion Alternative, because the Forest Service proposal represents a huge human-driven manipulation of Wilderness that is inconsistent with the letter and spirit of the 1964 Wilderness Act. In fact, the Forest Service is even proposing to ignite some fires in Wilderness using helicopters and drones!

From a wilderness perspective, it is far better to allow natural, lightning-caused fire to play its role, rather than to invade Wilderness to cut down "undesirable" trees and burn forests based on human wishes and desires.
