Comments: I support Alternative C, the Wilderness Exclusion Alternative. I believe that nothing justifies any other alternative. The Forest Service should comply with the Wilderness Act and exclude all designated and recommended Wildernesses from its proposed cutting and burning plans for the Sequoia and Sierra National Forests. The Forest Service should also add the Moses Mountain Recommended Wilderness to Alternative C, the alternative that is the only legal and moral choice here. Please allow only natural, lightning-caused fire to play its ecological role in designated and recommended Wilderness on the Sequoia and Sierra National Forests.
