Comments: I am concerned about the health of our forests and communities. Please,

- * Drop the 549 acres of remaining complex mature forests from the harvest plans;

- * Protect all Douglas-firs trees with a 30" diameter or more in matrix stands; and

- * Provide a no-cut buffer of 1.5 to 2 drip lines on all trees with a 40" diameter or more to protect their root systems from the negative impacts of heavy machinery.
