Comments: I support Alternative C, the Wilderness Exclusion Alternative.

The FS must exclude all designated & recommended Wildernesses from its proposed cutting and burning plans for the Sequoia and Sierra National Forests in order to comply with the Wilderness Act.

The influence of extractive profit-seekers on forest service policy is unfortunate. The Wilderness Act's intentions are quite clear, as are the interests of the humans (not corporations) of America.

The Forest Service should also add the Moses Mountain Recommended Wilderness to Alternative C.

The agency should allow natural, lightning-caused fire to play its ecological role in designated and recommended Wilderness on the Sequoia and Sierra National Forests.
