Title:

Comments: For Project 63961, I'm asking that you keep these provisions:

- Drop the 549 acres of remaining complex mature forests from the harvest plans;
- Protect all Douglas-firs trees with a 30" diameter or more in matrix stands; and
- Provide a no-cut buffer of 1.5 to 2 drip lines on all trees with a 40" diameter or more to protect their root systems from the negative impacts of heavy machinery.

Thank you.
